**DETAILED ACTION**

1. Claims 1-43 are pending in this application.

***Election/Restrictions***

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-41, drawn to application programming interface or functions for requesting web related services, classified in class 719, subclass 328.
  - II. Claims 42 and 43, drawn to organizing a set of types into a directory of hierarchical namespace, classified in class 707, subclass 200.
3. Inventions Group I and Group II are related as subcombinations disclosed as usable together in a single combination. Group I is drawn to application programming interface or functions for requesting web related services, while Group II is drawn to organizing a set of types into a directory of hierarchical namespace. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, inventions Group I and Group II has separate utility such as the search for Group I invention is not required for Group II invention and vice versa. See MPEP § 806.05(d).
4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

5. A telephone call was made to Mr. Lewis Lee on June 21, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles E. Anya whose telephone number is (571) 272-3757. The examiner can normally be reached on M-F (8:30-6:00) First Friday off.
